

DRAMATIC PRESENTATION SYNOPSIS

The *That's Christmas* Dramatic Presentation follows an afternoon in the life of Kate, a preteen girl (and former only child) whose life has been turned upside-down because her parents decided to bring a new baby into the family through adoption. As Kate meets her best friends, Amanda and Alex, for ice cream she shares her frustrations with her new family situation, as well as her skepticism about Christmas. Through the friendship and Christian witness of Amanda and Alex, and the wise words of a loveable waitress named Flo, Kate is encouraged as she hears of God's perfect plan of salvation and the hope that can only be found in God's greatest gift... His son, Jesus Christ.
